Sir:

**SUBMISSION**

Submitted herewith is a further copy of the six (6) sheets of the drawings (Figures 1-6), along with a copy of the post card receipt received from the Patent Office with the assigned Serial No., and a copy of Form PCT/IB/308 confirming that a copy of the application was forwarded to the USPTO by the International Bureau.

The attached post card receipt received from the Patent Office suggests that Patent Office personnel have indicated that only five (5) of the originally-filed six (6) sheets of drawings were received by the Patent Office. While the undersigned believes that the copy of the application submitted on September 27, 2004 included six (6) sheets of drawings, as indicated on the originally-filed receipt card, the undersigned notes that a further copy of the application should not have been required as the same was received from the International Bureau, as confirmed by the attached Form 308.
